

Choosing a River Nile cruise

Nile River cruises can be one of the most spectacular ways to view the stunning Egyptian landscapes and famous ancient landmarks. The Land of the Pharaohs is a country that is full of the most legendary and well recognised features in the world as well as spectacular rural scenery and natural features.

Many of the most well-known attractions of Egyptian antiquity are in relatively easy access to and are observable from, the River Nile and indeed most have been built on the Nile banks. The Nile was the main giver of life and mode of transport for the ancient Egyptians.

On board a luxury cruise ship, any tourist can experience an air conditioned cabin with a balcony, mini bar and television. On some luxury Nile cruises, many rooms have river facing cabins with large windows for the panoramic views.

At River Nile Cruises.Com there is a huge choice of four and five star River Nile cruises on various ships, each with a range of high quality facilities.

On board most cruise ships are a diversity of facilities such as swimming pools, Jacuzzis and ample sun loungers for everyone, as well as useful gift shops and restaurants.

Each Nile cruise has an itinerary of excursions which include fascinating highlights such as Luxor, the Valley of the Kings and the Valley of the Queens. With an opportunity to leave the cruise boat and explore the landmarks more closely, each expedition gives holidaymakers a great chance to mingle with the other sightseers and to encounter what still remains of a remarkable civilisation.
